TERMS OF SALE

- 1) A 10% buyers charge will be added to the hammer price of each lot purchased.
- 2) All bids are per lot as numbered in this catalog.
- 3) We reserve the right to withdraw any lot prior to sale.
- 4) All successful bidders shall be billed for postage, handling and insurance.
- 5) R.M. SMYTHE reserves the right to reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at our sole discretion.
- 6) A SMYTHE auction bidder expressly waves any claim or right to an accounting, damages or compensation arising out of SMYTHE'S failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. No bids will be accepted from any person who has not signed a registration form or a bidder sheet.
- 7) United States coins and currency will not, in conformity with law, be opened at less than the face value.
- 8) No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer.
- 9) In the case of a tie between a mail bidder on the book and the floor, the mail bidder shall take precedence.
- 10) All bids must be in whole dollar amounts; this includes percentage increases.
- 11) Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.
- 12) No minors may participate in our sales. Agents bidding on behalf of others will be held liable if their principals fail to make payment.
- 13) Payment for purchases is to be made in cash upon receipt of invoice. No lots may be taken away unless paid for in full. A late charge of 1½% per month will be charged on the invoice total if payment is not received **within 10 days** of mailing the invoice. Bidders not known to us are required to deposit 25% of their bids in advance.
- 14) Title does not pass until payment in full is received. SMYTHE reserves the right to await clearance of any check before making delivery.
- 15) If a collection agency attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by SMYTHE shall be borne by the defendant. The signer of a SMYTHE bid sheet or participant in the auction concedes the jurisdiction of the courts of New York State or the U.S. in New York City as SMYTHE alone shall elect. The participant in a SMYTHE auction also assumes both corporate and personal liability for unpaid auction bills.
- 16) New York State sales taxes or other state sales or use taxes shall be levied, as required by law. Dealers and other non residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.
- 17) SMYTHE may reopen the bidding on a lot under the following circumstances: 1) SMYTHE has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before the bidding has commenced on the next lot. 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the Auctioneer.
- 18) In the event of dispute, the auctioneer's decision is final.

GUARANTEES AND RIGHTS OF RECOVERY

- 19) No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.
- 20) Persons placing bids are responsible for meeting the maximum amounts represented on their bid sheets. SMYTHE reserves the right to reject frivolous complaints and to take appropriate actions against such bidders under paragraphs 5 and 15 above.
- 21) All material in this catalog is guaranteed to be genuine unless otherwise described.
- 22) No lots may be returned by floor bidders except for non-authenticity.
- 23) Mail bidders may return lots for reasons of non-authenticity or improper description within 5 days of receipt or thirty days from the auction's last day, whichever comes first. Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it.
- 24) In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (30 days after the sale), notify SMYTHE of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert; if the item proves authentic, the sale will be consummated. If the item is not authentic, the sale price will be refunded.
- 25) In the event of unsuccessful litigation the plaintiff shall pay SMYTHE'S legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.
- 26) The same protections applicable to SMYTHE apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.
- 27) SMYTHE assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.
- 28) All accounts are payable to SMYTHE in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice. No credit card payments will be received by SMYTHE for auction sales, catalogs or other monies due to SMYTHE.
- 29) The placing of a bid shall constitute **full acceptance of the foregoing terms and conditions of sale.**

Many of the items in this sale are from the collection of Mr. John Besante of Jersey City, New Jersey. We have known John many years and he has been active in the New Jersey numismatic community for a long time. He has always been interested in New Jersey numismatics, particularly obsolete currency, but also New Jersey Colonials, tokens and medals and ephemeral items. Of course, his greatest interest were Jersey City related items as his obsolete currency collection will attest. Many of his rare scrip notes are from the Dupont collection. His other interests include traveling, collecting African art, and fine crystal. John manages property both here and abroad, and his acting career has included a minor role in Spike Lee's movie *Malcolm X*.

World Coins

- 1516 **Algeria:** Mamud II. AH1347 (1831 A.D.) **One Budju.** Constantine Mint. KM-83, Craig-155. **Very Fine**, or better for this issue. Lightly toned. (\$250-Up)
 This historic issue was struck during Algeria's war with France, prior to its annexation by that country in 1848. The Barbary Pirates, whose actions prompted American Naval reprisals in the early 19th Century, were based there. Their continued exploits in the Mediterranean helped to prompt the French invasion. This specimen has full borders on both sides, being well struck around the periphery, but a bit weak at the center. It is lightly toned, commensurate with the billon issue of this era. Far superior to the KM plate example. Lists at \$750.00 in the 1993 KM in **EF**. An important chance for the Arabic coin specialist to add a rare and important type coin to his cabinet.

Continental & Colonial Currency

Extremely Important Rittenhouse Continental Currency Related Document

- 2001 **Rittenhouse Colonial Related Document. (Photo)** (\$4000-Up)
David Rittenhouse (1732-1796) inventor, astronomer, mathematician, PA state treasurer, U.S. mint master and designer of Continental Currency filled in a piece of paper in his own hand, with items 13 to 27 of a library list. There are addition and subtraction notations at the bottom of the right sheet, which has obviously been broken off the other sheet. Both pieces have a center fold and suffer from ink smears. **An extraordinary piece relating to the design of Continental notes which clearly came from Rittenhouse's pen.**

2045 **Confederate Seal Items. [3]** (\$400-Up)

1) Great Seal of the Confederacy in Case. Electrotpe, made after the sale of the Pickett Papers to the United States Government. As part of this transaction, Colonel Pickett gave Captain Selfridge (USN) who had acted on behalf of the U.S. Government, the original Great Seal, now in the Museum of the Confederacy. Selfridge then lent the seal back to Pickett, who made copies of it supposedly with a view to raising money for the relief of Confederate widows and orphans. He seems in point of fact to have pocket most if not all the money himself. In 1878, the seal was bought from Selfridge and sent to the Museum. It is believed that this item is one of the replicas thus made. The leather case is much the worse for wear, it not having been properly oiled over the years. The interior is more or less as made, with normal wear. 2) A copper form of the seal but solid and not a shell, although it is the thickness of the original galvano. Toned and with a few petty "ding" marks. 3) A wax positive impression of the seal in red with some chipping and the same probable thickness of the original. A Choice grouping for the serious Confederate Collector.

Confederate Tax Form Group2046 **Confederate April 24, 1863 Tax Act Forms. [8]** (\$160-Up)

1-8) Selected single tax forms for a wealthy Tobacco merchant, T.F. Hauminchel (?) in Richmond Virginia. These show payments of nearly \$60,000. Because many tobacco dealers could not sell their product and many were convinced that anyone holding such produce was making a fortune as a speculator, the Confederate Congress levied a tax on such items to encourage sales and to discourage hoarding. However, since the rate was only 10%, it is doubtful that this had much impact on anyone. Such tax forms are seldom encountered as they were mostly circular filed at the end of the war as worthless.

2047 **Confederate Tax Forms of 1863. [20]** (\$400-Up)

1-20) This group includes the standard list 1, together with separate and signed "Schedule" applicable to each taxpayer's form. To judge by this, there must have a number of small tobacco dealers and not just a few big ones.

2048 **Confederate Tax Forms for 1863. [20]** (\$400-Up)

1-20) Similar to the preceeding group but a mixed dealer lot of ten pairs of forms. Each pair is enclosed in plastic holders.

2049 **A Last Confederate Tax For Group of 1863. [14]** (\$280-Up)

This group consists of two types of list forms, the declaration form two sets of all written forms and are signed by prominent citizens include Sam Mordecai, the diarist, William Grant, the owner of a fancy house, P.V. Daniel, son of the former U.S. Supreme Court Associate Justice etc. A good group for the Richmond or Virginia collector.

Lottery BroadSides2053 **Maryland. Selected Lottery Ticket Vendor Circulars and BroadSides. [23]** (\$350-Up)

This attractive group goes far to show that Maryland, prior to the Civil War was the headquarters for quite a few of the Lottery ticket sales operations. The group consists of three letters by Egerton & Brother, the issuer of the A.E. Hoen advertising note; Smallwood & Co, (2); Baxter & Co., Colvin & Co. (2), this last showing that there were 26 different lottery drawings in Maryland in December 1854, a rate comparable to NY today. There are further forms from Irwin & Co., (3), Scharf & Co (showing 49 lottery drawings in Feb. 1854!), Schoolfield & Co (shows 27 drawings for March 1854), C.S. McDonald & Co., (2); Mantz & Co., (2); John Marshall, (shows 27 drawings for May 1854); George Peale & Co., A.D.O. Leary & Co. (3) and Brewer & Co. (also shows 27 lotteries in September 1853). Note how persons are openly encouraged to engage in the lottery business as agents of the lottery firms and are offered club, bulk rate and special agent discounts to sell tickets. A Fascinating state collection.

Please note that a 10% buyer's charge
will be added on all purchases..

2054 **American 19th Century Lottery Ticket BroadSides and Circulars.** [18] (\$350-Up)

This group consists of Delaware, (5), Union Safety Fund (2), Yellow on black, water stained; R. France & Co., Wood, Eddy & Co., C.C. Weldin. 1854-1861. Georgia (1), For the Sparta Academy Lottery. Kentucky, (2), Kentucky State Lottery. Missouri, (2), by Murray, Miller; New York (6), by W.H. Lane (3), George W. McNaile, B.B. Mars (2). Ohio, (1), and Virginia (1), per J.G. Gregory & Co. Note in this group the many inducements to participate, the fact that several men are partners in more than one firm in one state and the like. It was no wonder that the Federal Government, whose Congress was not afraid to tax its constituents, moved after 1865 to close down these gambling operations.

Foreign Lottery Tickets

2055 **France, January 22, 1741 Royal Lottery for the benefit of the poor.** **Unc**, back hinges. (\$150-Up)

The ticket makes mentions receiving 42 Livres for the fifth payment on the ticket. If there were only these five payments for 210 livres, the cost of a ticket would have been 42 Spanish milled dollars, no petty sum in that era. This is the earliest French ticket that we have handled.

2056 **Great Britain. Lottery of Sir Carbery Pryse.** EF, a horizontal fold. (Photo) (\$300-Up)

No.24974, no signer, created after the Baronnette's death to raise capital to put his mines into production. Sir Carbery had found valuable mines on his estates in Wales, but Crown rights and other impediments forced him to waste much time clearing away legal difficulties before he could exploit this asset. This is generally thought to be the oldest available lottery tick dating supposedly from 1698, three years after Sir Carbery's death in 1695.

Obsolete Currency

Alabama

- 2101 Corporation of Montgomery. 3¢. Unlisted. 1861, no imprint. VG, soiling, no number or imprint. (Photo) (\$250-Up)
This is a very peculiar note. It purports to be the issue of the Corporation of Montgomery, AL, and has printed signatures of the Council President and Clerk. The denomination, chiefly useful for postage purposes, is out of the ordinary as are the redemption terms which call for \$6 and its multiple. Finally, the donkey on the back with the CSA flag as a saddle, labeled "Secessionist" looks like the work of a Unionist, since supporters of the Confederacy would not appreciate being labeled as such. This may well explain the absence of an imprint on the part of the fearful printer.

Sleeper Rarity

- 2194 Jersey City. Jersey Bank. \$100. Unlisted note. Maverick and Durand. Abt Good, edge tears and chinks. (Photo) (\$150-Up)
 No note higher than a \$10 is listed for this bank. Moreover, while the bank is reported to have expired in 1826, this note is dated in 1828. Moreover, it cannot be a raised note since it does not resemble in the position of its vignette, any other note of this bank. Nor would anyone have had much incentive to make up a fantasy note of a defunct bank. Very Curious and Extremely Rare.

An excellent example of this obscure edible currency. Measures approximately 8 x 10 x 1 inches, with a mass of over 1 kilogram. - 4511 **Great Britain. Enamelled Crown. Another example.** (\$100-Up)

The lot includes approximately 180 pieces of Archaic items from c.250 B.C. to the early 19th Century, with some lead coinage c.100 B.C. as well; many better pieces are evident. Also contains c.100 other more modern states pieces, some better. Finally a third small group (about 50) of unattributed machine struck coins, with duplication.
